### **VERSE 1**

Sun is rising on another day  
You are wondering how to find your way  
And so many questions come to cloud your mind  
But darlin' the answers aren't far behind

### **CHORUS**

Just believe, and then you will see  
His goodness is all around you, in all you do  
Just believe, and you will receive  
A love that will never leave you, you know it's true  
Just believe

### **VERSE 2**

See the bluebirds soaring overhead  
They don't worry, they just fly instead  
For there is a Father who feeds them every seed  
You know this same Father will give you what you need

### **CHORUS**

If you believe, and then you will see  
His goodness is all around you, in all you do  
Just believe, and you will receive  
A love that will never leave you, you know it's true  
Just believe

### **INSTRUMENTAL**

### **BRIDGE**

His voice it echoes in all creation  
His voice it thunders across the sea  
His voice it whispers through generations  
And calls to you and me  
It calls to you and me

### **CHORUS**

Just believe, and then you will see  
His goodness is all around you, in all you do  
Just believe, and you will receive  
The one who will never leave you, it's true  
Just believe

Scripture Reference: Matthew 6
